How to Use This Manual

This manual is divided into 14 sections. The first page of each section is marked with a black tab that lines up with its corresponding black index tab on the inside of the back cover. You can easily find the first page of any section without having to flip through a lot of pages or sections. The index is located at the top of each page and can also be used to find the location of each section.

Each section includes:

1. A table of contents.
2. A table of specifications.
3. A table of torque and fastener specifications.
4. Disassembly/assembly procedures.
5. Inspection.
6. Testing/troubleshooting.
7. Repair.
8. Adjustments.
