#Jenny

Finally I get this ebook, thanks for all these I can get now!

#Rio

Cool! I'am really happy

#Markus Jensen

I did not think that this would work, my best friend showed me this website, and it does! I get my most wanted eBook

#Hun Tsu

wtf this great ebook for free?!

#Che Salsa

My friends are so mad that they do not know how I have all the high quality ebook which they do not!

#Diego Butler

so many fake sites. this is the first one which worked! Many thanks

EG-112 ENGINE - 1KD-FTV AND 2KD-FTV ENGINES

1KD-FTV AND 2KD-FTV ENGINES

DESCRIPTION

- 1KD-FTV TOYOTA D-4D (Direct Injection 4-stroke common-rail Diesel engine) and 2KD-FTV TOYOTA D-4D are 3.023 liter, in-line 4-cylinder, 60-valve DOHC with turbocharged diesel engine.
- These engines use direct injection system and common-rail system to realize higher performance, clean emission, low noise and low vibration.
- A 2KD-FTV High Version, which has a higher power output than the normal 2KD-FTV engine, is also available. The 2KD-FTV and 2KD-FTV High Version engines are equipped with engine ECUs containing engine control programs that differ from each other. However, both engine models share the same mechanical components.
- An intercooler is provided on all 1KD-FTV engine models and the 2KD-FTV High Version engine for Thailand. This lowers the intake air temperature and improves power output.
- The basic construction and operation of both the 1KD-FTV and 2KD-FTV engines are the same. For details, see "Major Differences" on page EG-114.
